School Survey Results

How well did we do communicating and liaising with you before the activity took place?

How connected did you feel the activity was to KS2 Science curriculum areas of Earth, Space and Light?

Please rank the following in order of 'what was most important to you / your school' when booking PULSE:

First choice ● ● ● ● Last choice

Strong Cross-Curricular Integration

- “The science element was very clear”
- “Children still do the actions for the planets in order”
- “Use of scientific vocabulary enhanced learning”
- Pupils able to “apply it in a unique way”

Value of the Discussion and Q&A Element

- “Hugely beneficial... being able to discuss and reflect”
- Helped pupils “understand careers in the arts”
- “Linked to our ‘World of Work’ curriculum”
- A small number of responses noted that questions from pupils sometimes became unfocused, suggesting that “writing questions beforehand would give a broader range.”

**Please rank the different elements in order of most engaging to least engaging:
(If you thought all three were equally engaging please leave this question blank)**
